

TRIDENT SECURITY

We provide what others can only promise.®

When it comes to serving the security needs of businesses and organizations throughout Arizona, one company stands apart. Clients of Trident Security Services, Inc. enjoy "the best of both worlds." Trident is an Arizona-based company that offers the expertise of a national provider with the flexibility of a local firm. Besides providing the best on-site guard services available, it also offers nationwide consulting expertise, customized training and emergency preparedness planning.

Like many great companies, Trident started out as an idea: a better way to provide security services. Less than a decade later, it is the best security guard company in Arizona – and, arguably, the country – 90% of Trident's clients switched from national providers. Trident has 400 employees with a client list that reads like a Who's Who of Arizona business. Trident's clients will attest that they provide the best security services they have ever had.

Trident's success can be attributed to the high caliber of its professional security officers and the unmatched ability of its management team. There's a passion at Trident that is rarely found in business today...it is truly building a legacy. The company is led by three owner-operators who are industry veterans: Robert E. Pennell, Dominic N. Boragina and John M. Earl (as pictured). Together, they have six decades of combined security experience, over 45 years of which have been in providing security guard services in Arizona.

Trident goes to great lengths to retain its valued security officers, who enjoy generous bonuses and advancement opportunities. Its employee-friendly environment enables officers the ability to grow to their full potential. As a result, employee turnover is much lower than other security companies.

Tested • Trusted • Trident™

"TASER International has contracted with Trident Security Services, Inc. for over four years. We have been extremely satisfied with their operational abilities, reliability, responsiveness and personnel. Trident has outperformed any other company we have dealt with and consistently met or exceeded our expectations."

— **John Hobbs**

Safety, Security, Facilities, TASER International

"As one of the nation's leading commercial building developers and management companies, we work with numerous vendors and Trident Security has always been a consistent standout – in fact they are so good they were selected our Vendor of the year for 2010."

— **Anna E. Riley**

Regional Director of Management, Ryan Companies

"Trident Security has secured our campus here at Phoenix Children's Hospital since 2004. They have continued to grow the program each year, ensuring we are surpassing industry standards. Trident has exceeded our expectations in all aspects of safeguarding our patients, families, staff and property."

— **Craig Crosby**

Security Director, Phoenix Children's Hospital
